jefflowe_tigerking [@jamesgarretson1](#) He has several problems. First and foremost he's as dumb as a seashell. Secondly he can't depose either of us because he represented us and it would be a conflict of interest. Fran even said that Phillips represented me. Additionally he's not the only one that's claiming to have newly discovered evidence. We've spent two years combing through boxes of documents from the zoo and his home. And the LaCie drive was a wealth of new evidence that supports his conviction. So yes, a new trial would be fun, but I'm a realist. Phillips destroyed Joe's chances by playing his entire hand in public. Joe hired a municipal court attorney to fight a Federal court case.

ripperjackmedia He needs more lawyers that can get the judge removed. Lol, that's what she says. Does that mean if you have 10 lawyers the judge will step down, or is the truth as follows. 1 average attorney can get a judge removed if they know how to practice law. Joe, email me, I have something you need! [#BradyViolation](#)
