

jefflowe_tigerking Joe, you bitch and moan that James let me use his alias to sign a lease in Las Vegas. Who gives a shit? it was to hide from PeTA, you know that 1000%. But let me ask you a related question. Who's name is on Seth and Destiny's lease? Who's name is on the title to Seth's car? You brag that you never had a much as a speeding ticket. Then why not put the alcohol license in your name for your "safari bar"? you used a zoo employee that had NOTHING to do with your money laundering operation. You hide behind aliases to commit all your crimes. You even used another inmates prison ID number to log into the jailhouse phone system to sell endangered lion cubs from inside a fucking jail!! You were locked up for selling tiger cubs and you are fucking stupid enough to try and sell lion cubs from INSIDE!!!! Don't come at us with your bullshit unless your hands are clean, because we know all Joe. Destiny is taking excellent care of Seth, and he is still in Tinder and Grindr. He still has a warrant in Little Rock but when he gets out, those two head to Mexico to party. Tami, I would take your name off that car and off that lease if I were you. I would stop imbedding yourself and weaving yourself into the fabric of his life, because as sure as shit, you will take the fall when this asshole gets sued. You will get named in every present and future lawsuit filed against him and there are several coming. He hates women, he hates you, he hates Amy the meth family oligarch, AND he's never getting out. You are wasting your time, your money and causing yourself embarrassment for supporting a child molester. Look at the videos in this post. DO you think this is acceptable behavior by a homosexual man against a young male? WTF are you thinking? Would you let Joe Exotic babysit your young grandson? If you answer yes, your daughter needs to keep her kids far from Grandma's house. And explain how Ryan Olszta was sleeping his way to the top? Do you consider yourself as the top? You told Dillon you had 7M in a bank account to get him to marry you. Then you used his pictures for your Gindr account. Imagine the surprise Truth is, you never had a fucking bank account at all.
