jefflowe_tigerking Apparently John Phillips can't stop thinking about us James. We all know that Phillips has repeatedly declined our offer for a debate. So, I propose to him that he write down every lie he claims we are telling about him and Joe. We will respond with irrefutable evidence of everything we are claiming within 36 hours. You have known Joe for 2 years maybe a shade longer. You have met him face to face what 4-5 times? So, you don't know a damned thing about him on the outside. We have people that have known him 30-40 years. You believe the words of a man you heard order the execution of Carole Baskin with your own ears. You're pathetic and me and @jamesgarretson1 will be waiting for your list of our lies. It's all gonna come out in depositions with Larry anyway. Let's get them documented right here, right now.

jefflowe_tigerking @jamesgarretson1 He's such a stooge. It would be hilarious if Vince beat him. Vince emailed me today asking for the cocaine story in affidavit along with the crypto story. I'm gonna give it to him just so it's in the legal record. Lol

jefflowe_tigerking @billies.centaurs That's the guy who wrote and sung all songs that Joe tries to pass off as himself singing.
